Refund approval record Case: CASE-1003 | Order: ORD-24003 Snapshot: 2026-10-17

Refund approval APR-0003: USD 799.00 approved. Approval is an internal decision and does not confirm payment submission or bank posting.

Record scope and provenance This fictional approval export belongs to CASE-1003, order ORD-24003, and the snapshot ending October 17, 2026. The originating team retains ownership of its record. Source timestamps describe recorded events; a later export timestamp does not mean an earlier action was repeated. Historical attachments are retained to explain what the employee could see at each contact. This export is a simulation, contains no real customer information, and is not connected to any institution. ## Approval accounting Approval documents an internal financial decision. It does not establish that the processor accepted a request, that settlement completed, or that the customer statement contains a credit. The approved amount must remain distinguishable from the original purchase total. For this export, the controlling references are case CASE-1003, order ORD-24003, and device DEV-88003. Preserve the source date when forwarding the evidence, and do not replace the recorded status with an employee expectation.

Maker-checker review The review queue preserves the amount, currency, original instrument, and reviewer status. A queue entry must not be reused as a payment completion receipt. Exceptions require source evidence before a new payment request is proposed. For this export, the controlling references are case CASE-1003, order ORD-24003, and device DEV-88003. Preserve the source date when forwarding the evidence, and do not replace the recorded status with an employee expectation.

Financial allocation table The control total equals the components; it is not an additional charge. These lines allocate the amount already recorded above.

Line	Component	Amount USD	Treatment
1	Device allocation A	746.73	Included
3	Tax allocation	52.27	Included
4	Total for this record	799.00	Control total; do not sum twice
